GRAINS RESEARCH UPDATE

BOOSTING PROFITABILITY – RESILIENT SOLUTIONS

GRDC
GRAINS RESEARCH
& DEVELOPMENT
CORPORATION

Sterling Place, Dunkeld Community Centre, Sterling Steet

9.00 am to 1.00 pm followed by lunch (doors open at 8.30 am for a 9.00 am start)

Topics

► **Hyper yielding cereals – the quest for increased yields**

What has performed well over two contrasting seasons and optimum management to achieve high yields

*Nick Poole
FAR Australia*

► **Disentangling soil amelioration and plant nutrition effects of subsoil manuring on crop yield**

Quantifying effects to differentiate impact on yield response

*Corinne Celestina
La Trobe University*

► **Pesticides and regulatory impacts – the road ahead**

Chemicals under APVMA review and those likely to come under scrutiny. Influence of Europe and Canada on chemical availability and use in Australia

*Gordon Cumming
GRDC*

► **Cereal and soil-borne disease wrap up**

Update on current cereal foliar disease issues and key learnings from national crown rot and rhizoctonia projects

*Grant Hollaway
Agriculture Victoria*

► **Integrated weed management (IWM) status – where to from here?**

Comparison of different approaches to IWM and future challenges and opportunities

*Pete Newman
AHRI*
