

NHILL  
VICTORIA  
WEDNESDAY 17TH  
JULY 2024

# GRAINS RESEARCH UPDATE

## Nhill Memorial Community Centre 77-79 Nelson Street, Nhill

9.00 am to 1.00 pm followed by lunch (doors open at 8.30 am for a 9.00 am start)

### Topics

▶ **Pulse nutrition fundamentals**

Gain insight into the nutritional fundamentals of growing faba beans and lentils. Discover how nutrition and soil constraints can impact yield.

*Tom Price,  
FAR Australia*

▶ **Nitrogen strategies for N Banking**

It's time to revise your nitrogen management strategy for this season. Yolanda will discuss nitrogen banking strategies and the impact of timings on nitrogen use efficiency.

*Yolanda Plowman,  
BCG*

▶ **Leverage protein maps for profitability**

With the use of protein mapping on the rise discover how protein maps can be utilised to identify problem paddocks. Mathew Clancy from CropScanAg provides an update on the technology available and where to start when analysing paddock data.

*Mathew Clancy,  
CropScanAg*

▶ **Sticking to rotations in the face of broadleaf weeds**

Weeds can prove to be problematic when sticking to certain crop rotations. Navneet & local agronomist Matt Sparke outlines key strategies for managing problematic broadleaf weeds.

*Navneet Aggarwal, SARDI  
& Matthew Sparke,  
Sparke Ag*

▶ **Developing vetch agronomy foundations**

Develop a deeper understanding of vetch agronomy. Angus from BCG highlights the impacts of nitrogen and soil moisture when growing vetch under different management strategies.

*Angus Butterfield,  
BCG*

\$30 per person (GST inc.) Morning tea, lunch and proceedings included.  
Extra proceedings: \$30 posted inc. GST
